

**November 5<sup>th</sup> - 7<sup>th</sup>, 2014**

Hotel Presidente Intercontinental Guadalajara.  
Guadalajara, Jalisco, Mexico.

**9<sup>th</sup> International  
Aquaculture Forum FIACUI 2014  
& IV Latin American and Caribbean Aquaculture WAS Conference.**

November 4<sup>th</sup>-7<sup>th</sup>, 2014

Guadalajara, Mexico

## **Establishing the Best Strategies for Aquaculture Development in Latin America**

**This event includes:**

Aquaculture exhibition with newest technologies for the industry, Technical and scientific presentations in Spanish, various industry sessions for shrimp expert, tilapia experts and other aquaculture species such as catfish and marine fish. All various topics of the aquaculture industry will be discussed at the technical and industry sessions.

Organized by: **panorama  
acuicola**

Including:

International Technological Office for the Aquaculture,  
Fishing, Processing and Distribution Industries Fair  
November 6<sup>th</sup> - 7<sup>th</sup>, 2014, Guadalajara, Jalisco, Mexico.

**PRESIDENTE  
INTERCONTINENTAL.  
GUADALAJARA**

## **Master Conferences • Tradeshow • Business Rounds**

SESSION TITLE LACQUA2014 CONFERENCE

**A. Aquaculture and Human Health**

Seafood for a Healthy Body and Mind  
Advances in aquafood processing  
Food Safety and Security  
Aquaculture Certification  
Drugs and Therapeutics

**B. Crustacean Culture**

Marine Shrimp maturation and Hatchery Management  
Marine Shrimp Genetics  
Marine Shrimp Feed and Nutrition  
Marine Shrimp Health  
Marine Shrimp Grow-out Management  
Marine Shrimp markets, marketing and economics  
Freshwater Prawns - Macrobrachium  
General crustacean culture (Cray fish, crabs, lobsters etc)

**C. Finfish Culture**

Finfish Genetics  
Finfish Reproduction and Broodstock Management  
Finfish Morphology and Physiology  
Finfish Health

**Marine Fish Culture**

Catfish, carp and other freshwater finfish species  
Groupers, Eel, Bass and other finfish species  
Finfish larvae management and nutrition  
Finfish Nutrition and Feeding Strategies  
Carnivorous Finfish Feed and Nutrition  
Tilapia

**Tuna and yellowtails**

Cobia  
Flatfish  
Salmonid aquaculture  
Finfish markets, marketing and economics  
Finfish Contributed

**D. Mollusc Culture**

Mollusc Genetics and Biotechnology  
Mollusc reproduction, nutrition and growout  
Environmental and Health Management  
General Mollusc Culture  
Mussel culture  
Oyster culture

**Octopus culture**

Pearl, clams, scallops and queen conch culture

**E. Other Species Culture**

Macroalgae  
Microalgae: Bioenergy and Bioproducts  
Amphibian and Reptile Aquaculture  
Ornamentals  
Brazilian Indigenous Species  
Plankton culture  
Culture of fish and crustaceans for bait  
New Candidate Species

**F. Aquaculture for a changing world (Sustainable Aquaculture)**

Measuring sustainability in a changing world  
Aquaculture and biodiversity: a new profitable approach  
Integrated Multi-Trophic Aquaculture (IMTA)  
Bioremediation and Nutrient Recycling  
Periphyton-based aquaculture: productivity and profitability?  
Organic aquaculture: a new trend for a new society  
Animal welfare: a concern of consumers

**Integrating finance into sustainability models**

Achieving social responsibility in financially sustainable aquac. development  
Best Management Practices and waste treatment  
Exotic species: environmental and economic impacts  
Aquaculture and climate change

**G. Production Systems**

Cage-culture  
Bio-floc systems  
Recirculating Systems  
Land-Based Pond Culture  
Off shore Aquaculture

**H. Feedstuffs, Feeds and Feed additives**

Feed additives for health  
Alternative therapies (pre and probiotics)  
Fish meal and oil extention  
Antimicrobials in aquaculture feeds  
Are there resources for feeding cultured organisms?  
Alternative feedstuffs and aquafeeds  
Lipid in Aquaculture Nutrition & Physiology.  
Feed technology

**I. Special Topics**

Functional genomics in aquaculture  
Bio-Economic modelling and aquaculture  
Aquaculture for the rural poor people  
Aquaculture in arid areas  
Education, Extension, and Technology Transfer  
Aquaculture economics  
Aquaculture Engineering  
Aquaculture policy and regulations  
Freshwater Prawn  
Business Planning workshop  
Aquaculture policy and regulations  
R & D of Aquaculture in Latin America  
Latin American and Caribbean Aquaculture  
African aquaculture  
Student career seminar  
J. General  
General Aquaculture Contributed  
General Topics Contributed
