The floor plan shows a large rectangular exhibition hall. At the top, there is a service area with a 'FIRE EXIT' on the left and an 'EMERGENCY EXIT' on the right. Below this is a section labeled 'POSTERBOARDS' with a grid of 16 'X' marks. The main exhibition area is divided into three columns of booth blocks. The left column has 14 rows of booths, numbered 1 to 14 on the left side. The middle column has three blocks of 4x2 booths, numbered 15 to 58. The right column has three blocks of 4x2 booths, numbered 59 to 86. The right side of the hall has a long vertical aisle numbered 87 to 98. There are three 'T/C' (Toilet/Closet) signs: one on the left wall near the top, one on the right wall near the top, and one on the left wall near the bottom. At the bottom of the hall, there is a 'CONFERENCE/EXHIBITION' area with two large black arrows pointing upwards, indicating a 'MAY NOT BE BLOCKED' zone. The bottom of the plan shows architectural details of the entrance area, including a staircase and various structural elements.
